66 Men Register At Local Board No. 2 For Military Service

Only 66 men had been registered for the draft at 2:30 p. m. Tuesday at the Local Board No. 2 here.

The men registering are those who have become twenty-one years of age since October 16, 1940.

It was estimated that the Local Board would register more than 100 men, but apparently the number will be less than anticipated.

Registrars will be on duty until 9 p. m. and young men in the rural districts may come in late and bring the total to more than one hundred.

It is estimated that 7,500 such men will register in the nation today.

These snakes were killed on the George Waller farm on the old Waco road five miles west of Cameron.

HITLER WILL TELL OF BIG RUSSIAN VICTORY

Just how bad, from the German point of view, that Hitler is whipping Red Russia, will be told Sunday by the leader in a series of war bulletins to be released.

According to German claims Russia is in bad shape and her air force has been knocked out.

Other dispatches tell of the Red Air force attacking Rumania and Germany as well as Finland in addition to battling on the far flung fighting line.

It was certain that the Russians have begun a "strategic" retreat on several fronts. The most threatening gesture of the war was the fighting on the northern front where the Germans are approaching the old Russian border from Poland.

The news of the day was a series of conflicting claims. Both sides were hitting the propaganda lottery and keeping up appearances.

What the Germans will say Sunday may show how weak is vaunted Red Russia. Can a nation be strong with its people regimented and fed like so many animals? The Democratic way says no. The new order says yes. A battle may decide it.

Meanwhile the British were doing next to nothing. There was no activity to speak of in Syria and none in Libya.

The Royal Air Force was still bombing the French Coast.

GERMANS TAKE MINSK IN MARCH TO MOSCOW

The armies of Adolf Hitler and Joseph Stalin were engaged Monday in what was described as the largest scale military operation in history.

For the first time since 1939 the mechanized divisions of the German Army had met an opposing force said to be equally strong.

The Germans claimed the capture of Minsk, which is strategic city on the old Napoleon route of 1812, when the great French warrior invaded the Moskovites.

Military officials believed that Adolf Hitler would be able to complete the Russian campaign before the snow flies. If he does, he will become absolute master, not only of Europe, but half of Asia.

There still was no indication that Great Britain nor the United States would attempt to take advantage of Germany's war with Russia.

There were conflicting claims over successes on the Eastern Front. The German official statement which was issued on Sunday, outlined the advances made by the Germans and tells of the planes, tanks, and equipment captured, and some 40,000 prisoners.

The Russians denied the Germans had made such progress, but there seems no reason to doubt that Hitler is well on his way to Moscow.

The city of Minsk is some 20 miles inside the old Russian border.

Washington was showing little concern outwardly over international developments.

Cox Thornton who for the past four months has been with the Post Medical Detachment at Fort Sam Houston, has been transferred to a school in Denver, Colorado, where he will become a surgical technician. Cox is a law graduate. He left San Antonio early this week for his new field of service in the army.

TRAIN CRASHES CAR

John Bryan barely escaped with his life Friday when a Santa Fe passenger train hit his car, according to a report to the Herald.

Mr. Bryan stopped on the right of way to wait for a freight to go by and did not notice a passenger train coming. He jumped from the car just before the crash.

LEAVES ON VACATION

Dr. S. R. Cotton and Mrs. Cotton will leave Cameron Monday for a five weeks vacation trip to Lake Erie where they will take a cottage and be near relatives. Their many friends wish them an enjoyable time.

DEBATE WOULD DISCLOSE DEFENSE PLAN SAYS CHIEF

General George C. Marshall, Chief of Staff of the United States Army requested Congress today for permission to use the armed forces anywhere in the world.

In making the request it was indicated that General Marshall had discussed the situation with the President.

In a letter to congressional leaders, the General said that debate on the question of sending the armed forces out of the Western Hemisphere would disclose to the enemy plans for defending the Western Hemisphere.

Request was also made to keep the inductees in the army for more than a year.

General Marshall said that a grave emergency exists and any delay on

the request for permission to send the army out of the country would further imperil America.

He said the army must be made immediately available for striking power anywhere in the world.

Joseph Stalin in a message to the Russian people asked destruction of all food that might fall into the hands of the Germans and declared that the Russian army has halted the Germans everywhere.

German and Rumanian troops were reported to have crossed the Prutt River in Bessarabia and are invading the Eukrane.

Conflicting claims left the issue between Russia and Germany in considerable doubt and only developments will indicate how the war may be going.

NEGRO KIDNAPPER FREED ON SUSPENDED SENTENCE

JURY SAYS HE'S GUILTY BUT SHOULDN'T PAY

"You are guilty but you should not be punished."

That is the implication of the suspended sentence law, most abused of all the statutes in criminal cases.

Raymond Whitesides, negro, took a 13 months old baby from its bed on the night of June 12th. He secreted the baby in another negro home, and later returned and took the baby to a pasture west of the city and laid it on the ground, then walked away.

The baby, cold and suffering from exposure, was found early the next day by Sam Allen another negro who went to the woods for his mule.

Arrested by Gene Smith, city Marshal, Whitesides confessed after grilling. He was promptly indicted by a grand jury. A Petit jury in district court turned him loose, finding him guilty but suspending the sentence.

Whitesides, now somewhat of a hero among the negroes, clasped his hands above his head and made motions as if shaking hands with the jury members as they filed in. By this gesture he was anticipating a suspended sentence verdict. When the verdict was read negroes in the galleries and in the back of the court room broke into cheers.

Judge Graham Gillis immediately sensed the disrespect for his court and asked for order.

Criminal District Attorney, W. A.

(Bill) Morrison, conducted a fine prosecution, submitting an abundance of evidence to prove the negro guilty of kidnapping. The state's testimony was supplemented by character witnesses who testified that the negro's reputation is bad.

Mothers both white and black must be on their guard. If a black hand reaches into another cradle whenever and wherever the criminal decides, you won't have the advantage of a prison to hold these types of men, you will be under the penalty of the suspended sentence law.

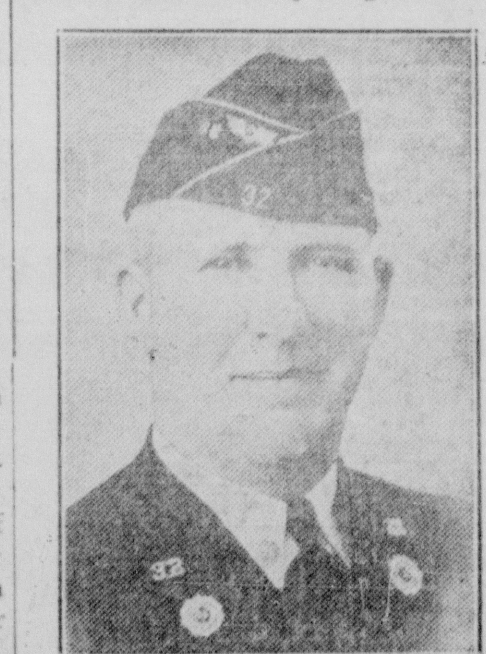

Whitesides, sometime called 'Preacher' is a regular sidekick with some, at least he used to be. He's clear of the court now, that is he's under a suspended sentence. If he commits another crime, they are supposed to send him on down to prison.

In the court room was Little John Ed. Williams. He didn't know much about what was going on but he must have remembered the bars of that wire that tore into his little back that night Preacher was taking him away to that lonely pasture.

John Ed's just 13 months old, a wee black thing. He might have been eaten up by a hog or stepped on by horse or mule that night. He had no way to defend himself, you know, just a little black baby that nobody cares anything about, not even his maw, for she made a poor witness against The Preacher.

Ida Parker, aged grand mother of John Ed. scored The Preacher. She tried to snatch the baby away from him but couldn't run fast enough. She's old.

Two Held On Charge Of Swindling and Forgery Here

Constable Pete Harwell returned Wednesday from San Antonio where he placed under arrest Gene Nelson who has been charged here with swindling and forgery.

Thomas Mowdy is in the Milam County jail facing charges of forgery and swindling in the same case in which Nelson is charged.

Constable Harwell filed charges against both men. The complaint alleges Mowdy and Nelson drew a check on C. S. Mowdy at a local bank for a certain sum of money.

Nelson has been in the army for six months and it was necessary for Constable Harwell to enter the army camp to place him under arrest.

BANKS CLOSE JULY 4

Cameron Banks will close on July 4th to observe National Independence Day.

The banks have just issued statements of financial condition as of June 30th.

VELMA LEE WAINSCOTT OF QUANNA MAY DIE

Velma Lee Wainscott, 21, of Quanna, Texas, was believed critically if not fatally injured shortly after 3 p. m. Saturday when a south bound Santa Fe train struck her as she walked along the track near the underpass of Highway 77.

The train that struck Miss Wainscott was carrying troops. It was a special.

Miss Wainscott was found lying on the road bed and taken to Cameron hospital in a Marek-Burns ambulance. She was not at first identified and the name of another was reported.

A badly broken left arm and severe head injuries were suffered.

Miss Wainscott is employed by Mrs. Henry Dreyer and came here some weeks ago. She is a sister of Mrs. Lloyd Harris.

A report at 3:30 said her condition was serious. She was taken to the emergency room of the hospital for an operation.

Justice Has Quirks; Chickens Are Worth Money; Baby Worthless

Human justice has many quirks.

This week in District Court a negro was sentenced to six years in prison in each of three cases to run concurrently; another who stole some chickens was sentenced to the penitentiary.

Another negro burglarized a cradle and stole a human being and was given a suspended sentence. He even showed contempt for the court by making hand shaking gestures to the jury as it filed in to give the verdict.

The obvious observation is that if you steal a chicken or a hog; defraud a man out of money you are certain to go to prison from the Cameron court house. Steal a baby (what's a baby to a juror) and you get a suspended sentence.

MILANO POSTOFFICE ROBBED FRIDAY NIGHT

Robbery of the post office at Milano was reported to the office of Sheriff Valter White Saturday.

No particulars were available but the officers were working on the case, co-operating in every way with federal operatives.

The robbery was thought to have occurred sometime during the night of Friday.

Sheriff Valter White called the Daily Herald around 3 p. m. and reported that he had completed his investigations.

The safe in the postoffice was blown and between \$75 and \$100 taken together with a quantity of stamps. Federal operatives were on the job this afternoon.

Sheriff White said he believed the job was that of professionals. He obtained a number of finger prints.

A package of cigarettes was found near the blown safe.

William G. Gillis and Lenore Riley Are Married At Junction City; To Live at Fort Sam Houston

At the Presbyterian Church in Junction Saturday at twilight, Miss Lenore Riley, daughter of Mrs. Wm. Patrick Riley, became the bride of Lieut. Wm. Gillis, Jr., son of Judge and Mrs. Graham Gillis of Cameron. Dr. W. P. Dickey performed the ceremony before an altar garlanded with fern and daisies and softly illuminated by myriads of slender cathedral candles.

A program of pre-nuptial music was played by Mrs. Reuben Loeffler, sister of the bride. Wm. Triggs of Cameron sang "Because and At Dawning." Liebestraum was played softly during the ceremony, and the traditional wedding marches were played.

The bride's gown of mousseline de soie and lace was fashioned on flowing lines. Its molded bodice was of torso length and extended to form a peplum of lace. Its main feature was the double yards-wide skirt edged with lace that fell over a hoop. The dress is a Samuel Chapman original.

Her veil of brial illusion fell in tiers over a billowy train from a halo of starched lace and with her flowers, a shower of baby white orchids and stephanotis, attached to a prayer book, completed her costume. Max O. Riley of Roswell, N. M., gave the sister in marriage.

Mrs. J. Reese Dickerson of Houston, sister of the bride, was matron of honor, and Miss Marguerite King, Miss Jane Bundy and Mrs. Herbert Gerth of Austin, bridesmaids. Miss Sally Sadler, cousin of the bridegroom, was junior bridesmaid. The flower girl was Miss Judith Linda Dickerson.

Leon Leonard of Lubbock attended as best man, and the ushers were Hilliard Thomas of Cameron, Lieut. Arnold Phillips of San Angelo, Gene Lock of Kerrville and Wm. Patrick Riley, Jr.

The matron of honor and bridesmaids gowns of white marquisette were designed with high, round necklines, fitted bodices banded with rows of Barona lace and extremely full skirts. They carried red roses in fan shape arrangement. The junior bridesmaid wore a white gown similar to the bridesmaids'. The flower girl wore a full length white frock of marquisette and carried a basket of red rose petals.

At the reception held at the Riley home, the living room was decorated with white blossoms, red gladioli and roses. The bride's table was covered with a Mediera lace cloth, and a tiered cake surrounded by white roses and lilies of the valley were placed in the center. Graduated white candles extended from the centerpiece to the ends of the table.

In the garden the punch bowl was a block of ice in which was frozen a silver bowl of red roses.

Mrs. S. S. Rudy, Mrs. Roy Spiller, Mrs. Coke Stevenson, Jr., and Mrs. Weaver H. Baker alternated in serving punch. Mrs. T. Noah Smith, Sr., of San Antonio, Mrs. A. L. Mudge, Mrs. N. C. Tulloss, Mrs. S. P. Woodward served the cake. Mrs. Clellan Moss, Mrs. Frank Wilson and Miss Lela Gayle Wright assisted at the guest register. The following were also members of the house party who assisted in serving and entertaining: Mesdames A. W. Loeffler, Louie Ragland, J. M. Livingston, Dick Homann, John L. Phillips, J. L. Cunningham, Frank Patterson, C. W. McCarroll, Gordon Stewart, Mattie Patterson and Conrad Holekamp.

Lieut. Gillis is at present on furlough. He finished Schreiner Institute in 1937, when he went to West Point. He was graduated on June 11 from West Point where he was awarded the Army Athletic Trophy as the outstanding athlete of the graduation class. He also received the Edgerton award for his outstanding work as football captain.

The bride is a graduate of Schreiner and also of the University of Texas, where she was a member of Zeta Tau Alpha. Since graduation she has been acting as secre-

tary to Lieut. Governor Coke R. Stevenson.

Among the out of town guests were Judge and Mrs. Graham Gillis of Cameron, Mr. and Mrs. Bill Alex Bonds of Cameron, Mr. and Mrs. Ralph Chambers and Ralph Chambers, Jr., of Waco, Dr. and Mrs. Leslie Sadler and Miss Sally Sadler of Waco, Mr. and Mrs. Herbert Gerth of Austin, Mr. and Mrs. Emil Weilbacher of Austin.

For going away the bride wore a navy blue ensemble. On the shoulders of the cape lined with plaid, were military epaulettes. Navy and white accessories completed the costume.

Lieut. Gillis' first post will be Ft. Benning, Ga., where he will be stationed for three months in school.

After November 1st the couple will be at Fort Sam Houston in San Antonio.

ROOSEVELT TO SPEAK MONDAY AND FRIDAY

President Roosevelt will deliver two speeches next week, one Monday and the other Friday.

Details were expected to be announced shortly.

What the President will say may have some bearing on the war. The July 4th speech will be a patriotic appeal.

Last May he denounced Germany but did little about it except to round up their Consuls and order them out. These are times when confusion is paramount. No one can be sure what he will say or what to expect for the future.

Aid to Russia is now impossible. With German successes mounting Japan was expected formally in the war within a week.

LIBERTY HOME COMING

Annual Home Coming and Cemetery Working will be held at Liberty Friday July 4th. Dinner will be served on the ground. Hundreds of people are expected. Former residents of the community will return for that day. These gathering are held each year.

Miss Gertrude Burnstein of the "Gertrude Shoppe," spent the week end in Austin with her relatives.

JOE TELLS ADOLPH IT IS LONG WAY TO MOSCOW

Joseph Stalin broke a long silence today, so long in fact no one could remember when he talked last.

Adolph Hitler, talking for Berlin and Joseph Stalin talking for Moscow exchanged disputes over the successes of the ten day old war between the Soviet and the Nazi.

Stalin, emerging from the Kremlin with a streamlined statement said Hitler wasn't doing anything at all except some advances near Mursk and while this was serious enough it meant little to Joe who said the Soviet had stopped the Germans dead in their tracks all along the battle front.

Germans were claiming they were in 90 miles of Moscow and the Soviet capital had a blackout and an air raid alarm but no bombs were dropped.

The official Soviet communication was issued by Stalin who recently became head of an all out war and defense committee to save his red empire.

Fear grew in allied capitals that the Soviet would lose a million men reported trapped in western Poland.

Meanwhile the British were doing nothing more than bombing the French coast. The English Channel may now be much wider than formerly. The British have been saved by 30 miles of water. If the channel were 60 miles wide the defense would be stouter.

In Washington many were breathless over the speech of Secretary Knox of the navy who declared for war measures.

President Roosevelt will address the nation on Tuesday and again on Friday.

A total of 79 men who have become 21 years of age since October 16, 1940, registered for military service at Local Board No. 2 on Tuesday July 1, it was announced by Mrs. Jack Lewis, chief clerk.

Registration was conducted by Mrs. Lewis and Miss Anna Lee Kirk, both employees of the Board.

New Sound Equipment Being Installed In Cameron Theatre; Is Latest Type and RCA

Arrangements for immediate installation of a new motion picture sound reproducing system, which was recently perfected in the famous RCA Victor laboratories and named the "Magic Voice of the Screen," have been completed by Mr. Swift, manager of the Cameron Theatre, with the Photophone Division of the RCA.

Present sound equipment in the Cameron Theatre is being installed in the Milam Theatre.

Representing a radical improvement over earlier movie sounds apparatus and incorporating a number of recent technical improvements of far-reaching importance, the new "Magic Voice" sound system promises to revolutionize all previous conceptions of realism in sound motion picture reproduction, according to Mr. Swift. It assures brilliantly natural sound of a quality that has heretofore been possible only in the most elaborate and costly laboratory experiments. Similar sound equipment is in operation in the two super-theatres of Radio City, New York.

"Sound in motion pictures has undergone a remarkable transformation in the few short years since its awkward, lisping beginnings," said Mr. Swift, "until today sound plays an all-important role in providing that authentic quality which has made it possible for motion pictures to achieve a remarkable realism. Through it the motion picture now conveys more genuine emotion, more stirring drama and the positive illusion of 'being there.'"

"Recently, a whole chain of important technical advances have come out of the great RCA research laboratories at Camden, N. J. which assure new high standards in the quality of the sound recordings emanating from the major motion picture producing companies. Recognizing that these technical advances have outstripped the performance capabilities of older types of sound apparatus, the management of the Cameron Theatre decided to acquire the most modern equipment available, a system which would be equal to the most

exact requirements of the new standards in sound reproduction. After making a thorough study of the various types of equipment on the market it unhesitatingly chose RCA Photophones new Magic Voice of the Screen.

When the new equipment is installed, our patrons will be quick to notice the great improvement. There is a perceptible 'lift' to the sound. Instruments in the orchestra take on new life and delineation. Spoken words lose their metallic quality and take on an intimate, human timbre and the whole effect is a revelation of re-created sound," said Mr. Swift.

RCA motion picture sound equipment of the Magic Voice type is being installed in the largest and most famous theatres and show palaces of the world."

Kalkbrenner waited at the altar while the bridal party entering to the strains of the wedding march played by Mrs. Chas. Friemel. A duet "Look for the Beautiful" was sung by Mesdames Chas. Friemel and Bob Kalkbrenner.

The bride was attended by her sister, Miss June Johns, as maid of honor, who was dressed in a pale blue taffeta, floor length, and carried a navy blue chiffon handkerchief. The bridesmaids were Misses Cora Mae Hoff and Irene Goetz. They wore pale shades of beige and orchid, each wearing a darker shade of handkerchiefs in the line of their dress. Miss Bernice Sitz was her junior bridesmaid. She wore a pale

shade of pink with a darker handkerchief to match.

Vernon Bruggman was best man and Bennie Kosel and Werner Dornkoeffer were groomsmen. The junior groomsmen was Monroe Johns. Messrs. Raymond and Edmund Pimpler acted as ushers.

The groom was dressed in conventional black. For the traditional something old she wore a lovelier belonging to her mother. She carried a blue lace handkerchief borrowed from Mrs. Raymond Pimpler to complete the tradition.

After receiving the congratulations of their many friends and relatives, the bridal party with their guests went to the home of the brides parents, Mr. and Mrs. Gus Johns, for a wedding supper.

At night a dance was given in honor of the bride and groom at Flag Hall, which was enjoyed by everyone.

JAPAN MAY GET IN TO FINISH OFF REDS

Russia's Red Army was rapidly disintegrating before the Germans, it was claimed today by Berlin.

The German statement said that between 420,000 and 640,000 Russian soldiers have been destroyed. The Germans also claimed they had taken 100,000 prisoners, 400 tanks 300 guns.

The Russians were retreating on the Northern Front, but a Moscow statement said the Red Army was holding fast at other places and taking a heavy toll of the Germans.

In Japan, Prime Minister Matsuoka called upon the Japanese people to prepare to follow the way Japan must go regardless of what other nations may do. This was taken to indicate that Japan is planning an attack on Russia to fulfill her alliance with Germany.

The Germans and the Italians have recognized a puppet government in China and China will fall when Russia is over-run by Hitler because Russia has supported China with war materials for some time.

379 VOTES AHEAD AND MAY INCREASE LEAD

Governor W. Lee O'Daniel was leading Congressman Lyndon B. Johnson at noon Tuesday by 379 votes, having overcome a three day lead and it was generally conceded that he would be elected United States Senator to succeed the late Morris Shepperd.

Governor O'Daniel, just prior to the election on Saturday, had mapped out an itinerary and re-painted his sound trucks to go to Washington to become Senator, and planned to make speeches on the way.

Since Governor O'Daniel almost lost the election, there has been considerable worry at the mansion. Now it appears he may go to Washington after all.

The Texas Election Bureau vote Tabulation shows:

O'Daniel 174,350.
Johnson 173,971.

The election of O'Daniel was declared locally by many to be a rebuke of Roosevelt who sought to dictate an election in Texas.

Enormous sums of money were spent in behalf of Johnson's candidacy and many are wondering from what sources these funds came.

Coke R. Stevenson, quiet country banker from Junction in Kimble county, will now become Governor. He is a strong man politically, in Texas, and is the first Lieutenant Governor to become Governor since W. P. Hobby succeeded James E. Ferguson in 1917.

It was estimated that only about 1,000 votes were yet to be reported, but this estimate may be inaccurate and if so O'Daniel's majority may be larger.

Surplus Aluminum Is Wanted for Building Of U. S. War Planes

One of the first acts of the newly organized Defense Council for Milam county on Friday night was to set up a committee for collection of surplus aluminum.

Rev. J. W. Mills, pastor of First Methodist Church, was named Chairman for the committee to gather aluminum.

Grady Little who is vice chairman for the committee, will receive all aluminumware donated by the citizens.

Rev. Mills said that the committee contemplates building a pen or wire on the court house lawn where folks may go and toss their aluminum gifts over the fence into the pen.

There is an acute shortage of aluminum in America. The government was told of the shortage some years ago but paid no attention to the warning. Now citizens are called upon to donate their kitchenware.

Mrs. Tom Storey and Miss Mary Zalesky, daughter of Mr. and Mrs. Joe Zalesky, visited Mr. and Mrs. W. C. Edmonds in Houston for the past two weeks. While there, they visited Galveston and several other places of interest.

Washington News From Your Congressman W. R. POAGE

The House has been considering conference reports on appropriation bills so much of the time this last week that one would normally suppose that we would adjourn in a few days. It has long been the custom of Congress to adjourn when all of the appropriation bills were passed. Up until the adoption of the "Lame Duck" amendment Congress adjourned every other year on March 4th. On other years the session generally lasted until about June 1st. This enabled the members to spend a large part of their time at home. In recent years, however, Congress has been in almost continuous session. Even in the absence of the threat of foreign involvement, the ever increasing size of the Federal establishment has made this more and more necessary. Now we have the added pressure of foreign danger. I do not, therefore, look for any

extended adjournment this year. Of course, there will probably be a recess of a few days beginning next week and lasting over the 4th of July, and a little later the House may take several three-day recesses while waiting on the Senate to act on the tax bill, but I see no prospect of an adjournment.

These continual sessions have taken their toll of members. Wednesday, we observed memorial services for the members who have passed on during the last twelve months. Thirteen members were missing. Most of them had suffered a sudden collapse. Our neighbor, Hon. Luther A. Johnson of Corsicana delivered the memorial address.

Today (Friday, June 20th) the House finally passed the conference report on the Agricultural Appropriation Bill. This bill carries the appropriations for the payment of "Parity" soil conservation and rural electrification, as well as the money for the regular functioning of the Department of Agriculture. While the conference report only carried \$212,000,000 for parity instead of the larger sum that had

been placed in the bill by the Russell Amendment early this Spring, it is thought that together with the 85 per cent of parity loans, heretofore provided, and the soil conservation payments, the total returns to the farmer for this basic crop will equal a parity price.

Earlier in the week the house had passed the conference report on the appropriation bill for the Department of the Interior. This report involves a wide range of items including funds for conservation, the development of water-power, forestry, etc.

Late this afternoon the House passed the Flood Control Bill. This Bill contains an authorization for the commencement of the Whitney Dam on the Brazos near Waco just as soon as money is made available. This great dam is of vital importance to all Central Texas. It will give a tremendous amount of flood control to the City of Waco and to all of the Brazos Valley further down. It will provide a substantial amount of power and will assure a large supply of water for industrial purposes. If we had this dam in existence at this time I feel sure that we would be able to get one of the defense industries for Central Texas. This bill is, therefore, of great importance to us.

The House has again passed the so-called Dependent Widows Bill extending the benefits payable to dependent widows, parents, and children of deceased veterans in many cases where they can not now receive anything. I supported this bill. If it passes the Senate it will be worthwhile for all dependent survivors of deceased veterans to file claims with the Veterans Bureau.

Another measure which was passed today was a bill authorizing the Navy to construct a number of lighter than air crafts, (bimps.) No one is sure whether these airships will be of substantial value or not from a military standpoint, but the only way to make progress in the race of naval weapons is to build them and try them out. We have decided advantages in the use of lighter than air machines inasmuch as we are able to fill them with helium while other countries have to use hydrogen, which is very inflammable and dangerous.

I expect to be in Texas next week and the 4th of July will fall on the date when I would normally write my next letter, so I shall not write a news letter for the next two weeks.

With best wishes, I am
Your friend,
W. R. POAGE,
Congressman 11th Texas District.

CHRISTIAN SCIENCE SERVICES

"God" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 6.

The Golden Text is: "I am the Lord thy God, the Holy One of Israel, thy Saviour." (Isaiah 43:3)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Who shall not fear thee, O Lord, and glorify thy name? for thou only art holy: for all nations shall come and worship before thee; for thy judgments are made manifest" (Revelation 15:4.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scripture," by Mary Baker Eddy: "The scientific unity which exists between God and man must be wrought out in life-practice, and God's will must be universally done." (page 202)

GETS HIS CALL

END IS NEAR SAY NAZI SPOKESMEN

Reports of Russian successes against the Germans were said today to have been premature, so much so that the picture has completely changed.

On the face of returns from the news broadcast it appeared that Russia might go the way of France.

Adolph Hitler through a German spokesman told the world today that "You haven't seen anything yet." A blitz so terrific that Russian armies will be annihilated is in the making.

The Germans say they are not concerned with prisoners. Already many more are being killed than taken.

American military experts are supposed to have said that it looks bad for Russia. They fear, according to the news, that the Russians will be quartered and sawed and the war will be over in a few days.

Berlin predicted that Moscow will fall shortly. They are now counting on a short fight of it.

This may be propaganda. It may

also be the truth, but what Stalin now faces, he meted out to the Finn, the Latts and Lithuania. His friend Hitler is giving him the upper classman's third degree. Secretary of the Interior Ickes speaking late yesterday said the United States should go to war.

There was no evidence Britain could or would aid Russia. Why should they? The Soviet aided Germany in the conquest of Europe by refraining from an attack he knew someday must be made.

The Russian armies are retreating. That indicates only one thing. The German Blitzkrieg is operating. There will be no let up.

Hungary has come out formally for Germany.

Germany is now in complete control of Lithuania.

An official Press news report from Moscow said that the Germans have penetrated 120 miles in the territory looking toward Moscow.

Germans predicted today they would be in Moscow within a week.

The RAF is still bombing the French Coast. There are no Germans in the English Channel.

The Red air force, according to the Germans has been knocked out of the skies and out of the war.

What About July 4 Plans In Cameron?

There was no way to tell what Cameron planned to do about July 4th.

There has been no appreciable effort to observe the day by celebration since the American Legion abandoned their annual show several years ago.

Rockdale stages a celebration each year and the Post there says that Cameron business and civic leaders join with Rockdale in the invitation to be in the Regal City on that date.

This is a good spirit and should be encouraged. What Cameron needs seems to be a little spirit to stage a local program.

There was no official indication the city would be closed on that date, except the banks which always observe the day.

Miss Rosa Lee Janicek and Miss Geraldine Sneed of Austin visited their parents in Cameron over the week end.

Miss Tab Robinson is visiting Mrs. Frank Kitridge in Jackson, Miss.

Miss Floy Ward and Henry F. Lippman Married In Cameron Sunday; Go to Miami on Honeymoon

Miss Floy Ward became the bride of Henry F. Lippman in a quiet ceremony, witnessed only by a friend Sunday at the home of Rev. John W. Mills, pastor of First Methodist Church.

The ring ceremony was read by Rev. Mills at 5:30 p. m. and immediately after the ceremony the happy couple left for a honeymoon trip of two weeks to Miami, Fla.

The bride wore an Isenberg dress of navy sheer, an exquisite creation, trimmed in white and with white accessories. Her only jewelry was a diamond necklace. Her corsage was of white gardenias.

The bride is the daughter of Mr. and Mrs. Ward of Rogers. She has resided in Cameron for several years and has held a responsible place with the Lippman store in Cameron.

They expect to return to Cameron within two weeks after a honeymoon in Miami and other places. They will of course make their home in Cameron. The only witness to the

ceremony was Mrs. Billie Marek. Mr. Lippman is the son of Mrs. B. Lippman in Gonzales. He has been engaged in business in Cameron for almost 20 years. He is a veteran of the world war and prominent in civic activities here.

Hundreds of friends in this city and section wish for them much happiness and will welcome their return to Cameron. The marriage was announced late Sunday and was an unheralded social event of the week.
